KLAS Users' Conference 2019 Planning

A site visit in West Palm Beach, Florida, has been scheduled by Keystone staff. The main priority will be to select the conference hotel and to visit possible reception locations.

An event was recently added to Facebook for the 2019 KLAS Users' Conference.

KLAS UC Feedback Survey

The officers decided to use GoogleForm for the follow-up survey. They determined that it will be launched on 8/3/18 and that it will remain open to the Users' Group for three weeks. The call for planning committees will follow.

KLAS Development Advisory Committee (KDAC) - Discussion of the Invitation and Term Limits

The officers reviewed the wording of the invitation, which will go out to possible new committee members in the next week. They also set term limits for incoming members. The first meeting will most likely occur in mid-late August.

COSLA ILS Survey Feedback

A COSLA (Chief Officers of State Library Agencies) survey was recently sent out to gather information about the use of ILS/automation systems and duplication on

demand. The officers agreed to share their general impressions of the results in an e-mail to the Users' Group in the near future.

The results of the survey can be found at https://lbphwiki.aadl.org/cosla_survey_results.
