## ***KLAS Users' Conference 2019 Planning***

Committee chairs will send out the 2018 conference feedback to all planning committee members before the first meetings. The program committee will meet on 10/17/18 at 11 AM Eastern. The logistics committee will meet on 10/25/18 at 3 PM Eastern.

## ***KLAS Development Advisory Committee (KDAC)***

Erin provided a summary of the previous KDAC meeting, which was held on 9/25/18. John Phillos of Delaware is the chair and Amy Ravenholt of Washington is the secretary of the committee. Kyle Honeycutt shared updates from development with KDAC members, including the testing of the Scribe and KLAS 7.7 in North Carolina. At the time of the meeting, KLAS was working on the ability to add cartridges to inventory with the Scribe, which Craig said was now available. Kyle also mentioned the possibility of adding a "sandbox" to preview the newest release, which would work alongside the production and training parts of KLAS. The KDAC members were hopeful that this feature could simply be added to training. They also liked the idea of Katy Patrick showing off new features in a webinar, and Drea informed the officers that they are looking into this option.

The next KDAC meeting will be on 10/24/18 at 2:30 PM Eastern.

## ***New Business***

Chandra will pen the missive for October.
